PREFACE

This book is designed to give the reader an overview of Georgia from a statistical perspective. Every effort has been made to publish the latest available data.

The Georgia State Data Center began publishing the Georgia Descriptions in Data series as an answer to the demand for an annual statistical publication covering a variety of subjects. Each edition contains some data that is routinely updated as well as data which is unique to that specific edition.

Georgia Descriptions in Data 1986 contains data on education, households, service industries, health, population and transportation. Georgia Descriptions in Data 1985 focuses on education data for Georgia, but also contains information on retail sales, employment, income, government expenditures and public assistance. Georgia Descriptions in Data 1984 contains commuting data for Georgia counties, data on employment, agriculture, business and housing. Georgia Descriptions in Data 1982 and 1983 focus on population and housing data from the 1980 census.

It is our hope that this book offers frequently used data in a convenient format. Suggestions of new subject areas to include are welcomed. For this purpose, or for more information on a table, please contact Robin Kirkpatrick with the Division of Demographic and Statistical Services of the Office of Planning and Budget at (404) 656-0911 (or GIST 221-0911).

TABLE 6.

(1) Equivalent full-time enrollment is a conversion of the number of students enrolled, both full and part-time, to an equivalent number of full-time students. EFT is calculated

by dividing total credit hours by 15, the load for a full-time student for a quarter. Due to this calculation, the sub-totals may be off because of rounding.

TABLE 10.

(1) Reasons for large "No Certificate" count:
(a) No certificate applied for by individual;
(b) Certificate being processed by certification office;
(c) Certificate not claimed or not yet recorded by LEA.
Professional T1, T2 and T3 certificates indicate vocational education instructors by level of school completed (T1-high school, T2-Associate degree, and T3-three years of college). Holders of T1 and T2 certificates are in the process of completing their Professional Education sequence; T3 certificates are no longer awarded. Provisional B4 or 5 year

certificates indicate that the individual has completed a Bachelor (B4) or Master (5 year) degree in a field other than education and is currently taking the Professional Education sequence. Professional 4, 5, 6 or 7 year certificates indicate the level of degree obtained in education coursework (Bachelor, Master, Specialist or Doctorate).
